

Art À La Carte – Customized Art Activities for School Groups

Starting in the 2024-25 school year, Confederation Centre is pleased to introduce a new, customizable art activity program: Art À La Carte. We are piloting the expansion of our tours and workshops for school groups with additional options to welcome as many schools and grades as possible – whether at the Centre, or right in your own school building. Available in English or French, experienced arts educators will utilize a variety of engaging and effective teaching strategies to connect your students to art, and art to your classroom.

There is a \$5 cost per student. If traveling to the Centre, schools must supply bussing, teachers and/or substitute teachers if required.

Please note that Art À La Carte activity days are offered on **Tuesdays, Wednesdays, and Thursdays only.**

Activity Descriptions (25-45 minutes each):

Canadian history: After a brief introduction to a topic by our historical interpreter, groups will be led on an age-appropriate class activity.

PEI history: After a brief introduction to a topic by our historical interpreter, groups will be led on an age-appropriate class activity.

Dance: Students will explore a variety of dance styles. Students will learn a variety of locomotor dance steps as they explore a selected theme or curriculum tie-in.

Music (available in May-June only): students will sing, play, move, and connect as we explore fundamental musical concepts like pitch, rhythm, and expression with fun songs, games, stories, and percussion instruments.

Theatre: Students will explore various facets of life in the theatre – from the artistic aspects onstage, to the complex and intricate work that happens backstage, and the work that happens to make everything run smoothly.

Visual Arts: This activity begins with a brief introduction to either a Gallery exhibition or pieces from the Gallery's permanent collection. It is then followed by a hands-on art-making activity related to the presentation. The workshop activities offered may include drawing, painting, printmaking, or sculpture.
